

UNDERSTANDING YOUR CIBIL SCORE

What is a CIBIL Score?

CIBIL Score is a 3 digit numeric summary of your credit history, derived by using details found in the 'Accounts' and 'Enquiries' sections on your CIBIL Report and ranges from 300 to 900. The closer your score is to 900, the higher are the chances of your loan application getting approved.

What does my CIBIL Score mean?

Your CIBIL Score is one of the most important parameters considered by lenders before approving your loan application. CIBIL Score also provides lenders necessary insights into your credit history through past patterns of credit usage and loan repayment behaviour. It acts as a guiding principle for lenders, making the loan approval process faster.

What are the major factors that affect my CIBIL Score?

Four major factors that impact your CIBIL Score:

PAYMENT HISTORY: Your payment history is one of the factors that lenders consider when determining your creditworthiness. It shows how consistently you have made your payments on time and in full. Late payments, missed payments and delinquencies can negatively impact your CIBIL Score.

CREDIT UTILISATION: Credit utilisation refers to the amount of available credit you're using. Higher credit utilisation suggests you may be over-extended, making you appear to be at credit risk to the lenders. Aim to keep your credit utilisation ratio well within your available credit limit.

AGE OF CREDIT: The length of time you've held credit accounts (i.e. loan account, credit card etc.). It shows lenders that you have a track record of managing credit responsibly over time. A longer credit history is typically seen as a sign of stability and reliability.

CREDIT ENQUIRIES: When you apply for new credit, lenders will often check your credit report to assess & onboard customers with a proven track record of making timely payments. This can have a marginal impact on your CIBIL Score. Applying for credit, too frequently in a short period of time can therefore negatively impact your CIBIL Score.

What does it mean when my CIBIL Score is 'NA' or 'NH'?

A CIBIL Score of 'NA' or 'NH' is not a bad thing at all. These scores can mean any 1 of 3 things mentioned below:

- a) You do not have a credit history or you do not have enough of a credit history to be scored i.e. you are new to the credit system.
- b) You have had no credit activity in the last couple of years.
- c) You have all add-on credit cards and have no credit exposure.

It is important to note that while these credit scores are not viewed negatively by banks & financial institutions, some lenders' credit policy prevents them from providing loans to an applicant with credit scores of 'NA' or 'NH' (applicants with no credit track record). Hence, you may have a better chance of applying for a loan elsewhere.

HOW TO READ YOUR CIBIL SCORE AND REPORT?

Your CIBIL Report is a record of your credit payment history compiled from information received from banks and financial institutions. The purpose is to help loan providers make informed decisions basis your credit history, quickly and objectively. A healthy credit report can get your loan approved faster and often, at better terms.

CIBIL Score

This section reflects your CIBIL Score which is widely used by loan providers to evaluate loan applications. An individual's CIBIL Score ranges between 300-900 and is calculated basis the information in the "Accounts" and "Enquiry" section of the credit report. The closer the score to 900 the more confidence the loan provider will have in your ability to repay the loan and hence, the better chances of your application getting approved.

CURRENT BALANCE	Is the amount you still owe on a particular credit facility. Lenders typically take 30-45 days after your payment is received to update this information with CIBIL																		
DPD (DAYS PAST DUE)	DPD or Days Past Due appears in the Account Information section of your CIR. The DPD indicates how many days a payment on that account is late that month. Anything other than "ODO" or "STD" [please refer to the ASSET CLASSIFICATION description for more information] is considered negative by a lender. Up to 36 months of this payment history [with the most recent month displayed first] are provided. While this reflects on your CIR, lenders know that you are not responsible for paying dues on that particular account. 4. Guarantor: A guarantor pledges to repay a loan on behalf of a third party who has taken a loan. Hence, he provides a guarantee to the lender that he will honor the obligation in case the principal applicant is unable to do so.

SETTLEMENT AMOUNT	When an amount owed on a loan account is disputed, the individual and lender settle at some amount in between.
